SAFETY DATA SHEET
According to article 31 and Annex II of the EU REACH Regulation

MOLYKOTE(R) P-74 PASTE

1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY

1.1 Product name

MOLYKOTE(R) P-74 PASTE

1.2 Identified uses

Lubricants and additives

Uses advised against

None known.

1.3 Company

Dow Corning Europe S.A.
rue Jules Bordet - Parc Industriel - Zone C
B-7180 Seneffe
Belgium

E-mail address (Safety Data Sheet)

sdseu@dowcorning.com

2. HAZARDS IDENTIFICATION

2.1 Classification of the substance or mixture

According to EU Directives 67/548/EEC or 1999/45/EC:

R52/53 Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic environment.

2.2 Label elements

Labelling according to EEC Directive

R-phrases

R52/53 Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic environment.

S-phrases

S24/25 Avoid contact with skin and eyes.
S51 Use only in well-ventilated areas.
S61 Avoid release to the environment. Refer to special instructions/Safety data sheets.
### 3. COMPOSITION / INFORMATION ON INGREDIENTS

**Chemical characterization:** Mixture of inorganic and organic compounds

**According to EU Directives 67/548/EEC or 1999/45/EC:**

For the full text of the R-phrases mentioned in this Section, see Section 16.
For the full text of the H-Statements mentioned in this Section, see Section 16.
4. FIRST AID MEASURES

4.1 Description of First Aid Measures:

On contact with eyes : Flush with water.
On skin contact : Flush with water.
If inhaled : No first aid should be needed.
On ingestion : Do not induce vomiting. Obtain medical attention.

5. FIRE-FIGHTING MEASURES

5.1 Suitable extinguishing media : On large fires use dry chemical, foam or water spray (fog). On small fires use carbon dioxide (CO2), dry chemical or water spray. Water can be used to cool fire exposed containers.

Unsuitable extinguishing media : None known.

5.2 Hazards during fire fighting : None known.

Hazardous Combustion Products : Thermal breakdown of this product during fire or very high heat conditions may evolve the following decomposition products: Carbon oxides and traces of incompletely burned carbon compounds. Formaldehyde. Nitrogen products. Sulphur products. Phosphorus products.

5.3 Special protective equipment/procedures : A self-contained respirator and protective clothing should be worn. Determine the need to evacuate or isolate the area according to your local emergency plan. Use water spray to keep fire exposed containers cool.

6. ACCIDENTAL RELEASE MEASURES

6.1 Personal precautions, protective equipment and emergency procedures : Wear proper protective equipment.

6.2 Environmental precautions : Do not allow large quantities to enter drains or surface waters.

6.3 Methods and materials for containment and cleaning up : Scrape up and place in a container fitted with a lid. The spilled product produces an extremely slippery surface.
7. HANDLING AND STORAGE

7.1 Advice on safe handling: General ventilation is recommended. Avoid skin and eye contact. Do not breathe spray or mist. Do not empty into drains.

7.2 Advice on storage: Do not store with oxidizing agents.

7.3 Specific uses: Refer to technical data sheet available on request.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

8.1 Control parameters

8.2 Exposure controls

Engineering Controls: Ventilation: Refer to Section 7.1

Personal protection equipment

Respiratory protection: A suitable respirator must be worn if the product is used in any circumstances where an aerosol or mist may be generated, such as during spraying or similar activities. Depending on the working conditions, wear a respiratory mask with filter(s) P or use a self-contained respirator. The choice of a filter type depends on the amount and type of chemical being handled in the workplace. Regarding filter characteristics, contact your respiratory protection supplier.

Hand protection: Chemical protective gloves should be worn where repeated or prolonged contact can occur: Viton(TM), 4H(TM), Polyvinyl alcohol(PVA). Regarding glove's breakthrough time, contact your chemical protective glove supplier.

Eye/face protection: Safety goggles should be worn.

Skin protection: Wear impervious overalls in circumstances where significant skin contact can occur.

Hygiene measures: Exercise good industrial hygiene practice. Wash after handling, especially before eating, drinking or smoking.

Additional information: These precautions are for room temperature handling. Use at elevated temperature or aerosol/spray applications may require added precautions.
SAFETY DATA SHEET
According to article 31 and Annex II of the EU REACH Regulation

MOLYKOTE(R) P-74 PASTE

**Environmental exposure controls**
Refer to section 6 and 12.

**9. PHYSICAL AND CHEMICAL PROPERTIES**

**Form**
Paste

**Colour**
Charcoal gray

**Odour**
Slight

**Explosive properties**
No

**Specific Gravity**
1.3

**Oxidizing properties**
No

The above information is not intended for use in preparing product specifications. Contact Dow Corning before writing specifications.

**10. STABILITY AND REACTIVITY**

**10.1 Reactivity**
None known.

**10.2 Stability**
Stable under normal usage conditions.

**10.3 Possibility of hazardous reactions**
None known.

**10.4 Conditions to avoid**
None established.

**10.5 Materials to avoid**
Can react with strong oxidising agents.

**10.6 Hazardous decomposition products**
Thermal breakdown of this product during fire or very high heat conditions may evolve the following decomposition products: Carbon oxides and traces of incompletely burned carbon compounds. Formaldehyde. Nitrogen products. Sulphur products. Phosphorus products.

**11. TOXICOLOGICAL INFORMATION**

**Acute toxicity**

**On contact with eyes**
Slightly irritating.

**On skin contact**
Slightly irritating.

**If inhaled**
No adverse effects are normally expected.

**On ingestion**
Smallest quantities reaching the lungs through swallowing or subsequent vomiting may result in lung oedema or pneumonia. May cause slight mucous membranes irritation.
SAFETY DATA SHEET
According to article 31 and Annex II of the EU REACH Regulation

Version: 4.0
Revision Date: 25.04.2013
Superseded date: 17.10.2012

MOLYKOTE(R) P-74 PASTE

Chronic toxicity:

On skin contact : Can irritate on prolonged or repeated skin contact.

If inhaled : No adverse effects are normally expected.

On ingestion : Repeated swallowing may cause gastrointestinal irritation and disturbance.

Toxicokinetics, metabolism and distribution : No specific information is available.

Other Health Hazard Information : This product contains (a) powder(s) hazardous by inhalation. This is not relevant to the current physical form of the product, which is not in a respirable form.

1 Based on product test data.
2 Based on test data from similar products.

12. ECOLOGICAL INFORMATION

12.1 Ecotoxicity effects

Harmful to aquatic organisms and may cause long-term adverse effects in the aquatic environment. However, due to the physical form and water-insolubility of the product the bioavailability is negligible.

12.2 Persistence and degradability

Solid material, insoluble in water.

12.3 Bioaccumulation

No bioaccumulation potential.

12.4 Release to waters / Mobility in soil

Fate and effects in waste water treatment plants:

No adverse effects on bacteria are predicted.

13. DISPOSAL CONSIDERATIONS

Product and packaging disposal : Dispose of in accordance with local regulations. According to the European Waste Catalogue, Waste Codes are not product specific, but application specific. Waste codes should be assigned by the user, preferably in discussion with the waste disposal authorities.
14. TRANSPORT INFORMATION

Road / Rail (ADR/RID)
Not subject to ADR/RID.

Sea transport (IMDG)
Not subject to IMDG code.

Air transport (IATA)
Not subject to IATA regulations.

15. REGULATORY INFORMATION

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

Status

EINECS : All ingredients listed, exempt or notified (ELINCS).
TSCA : All chemical substances in this material are included on or exempted from listing on the TSCA Inventory of Chemical Substances.
AICS : All ingredients listed, exempt or notified.
IECSC : All ingredients listed or exempt.
KECL : All ingredients listed, exempt or notified.
PICCS : All ingredients listed, exempt or notified.
DSL : All ingredients listed or exempt.
ENCS/ISHL : Some components are not listed or not identified on ENCS/ISHL.
16. OTHER INFORMATION

This product safety data sheet was prepared in compliance with article 31 and Annex II of the EU REACH Regulation as well as its relevant amendments, on the approximation of laws, regulations and administrative provisions relative to the classification, packaging and labelling of dangerous substances and preparations.

It is the responsibility of persons in receipt of this Product Safety Data Sheet to ensure that the information contained herein is properly read and understood by all people who may use, handle, dispose or in any way come in contact with the product. If the recipient subsequently produces a formulation containing the Dow Corning product, it is the recipient's sole responsibility to ensure the transfer of all relevant information from the Dow Corning Product Safety Data Sheet to their own Product Safety Data Sheet in compliance with article 31 and Annex II of the EU REACH Regulation.

All information and instructions provided in this Safety Data Sheet (SDS) are based on the current state of scientific and technical knowledge at the date indicated on the present SDS. Dow Corning shall not be held responsible for any defect in the product covered by this SDS, should the existence of such defect not be detectable considering the current state of scientific and technical knowledge.

As stated above, this Safety Data Sheet has been prepared in compliance with applicable European law. If you purchase this material outside Europe, where compliance laws may differ, you should receive from your local Dow Corning supplier a SDS applicable to the country in which the product is sold and intended to be used. Please note that the appearance and content of the SDS may vary - even for the same product - between different countries, reflecting the different compliance requirements. Should you have any question, please refer to your local Dow Corning supplier.

Source of information: Internal data and publically available information

R38 Irritating to skin., R41 Risk of serious damage to eyes., R50/53 Very toxic to aquatic organisms, may cause long-term adverse effects in the aquatic environment., R65 Harmful: May cause lung damage if swallowed.

H304 May be fatal if swallowed and enters airways., H315 Causes skin irritation., H318 Causes serious eye damage., H400 Very toxic to aquatic life., H410 Very toxic to aquatic life with long lasting effects.
