Supporting care everywhere

Enhance personal interaction • Expand reach • Improve operational efficiency

ERGOTRON
HEALTHCARE
Quality products for every area in the facility—and beyond
Serving the healthcare industry for more than 20 years

With more than 30 years of designing ergonomic solutions for computer users worldwide — and 20 years specifically in healthcare — Ergotron is uniquely qualified to help your entire facility enhance personal interaction, expand the reach of care and improve operational efficiency.

Innovations for home and work

Like other members of the Nortek family, Ergotron is driven by constant innovation with a singular, unified purpose: to make our customers’ lives better.

Enhance personal interaction, expand the reach of care and improve operational efficiency

**StyleView® Point-of-Care Carts**
- Designed for nurses and personalized to enhance workflow and caregiving
- Choices for mounting displays: LCD arms and pivots, secure laptop, and single or dual displays
- Unsurpassed ergonomics whether sitting, standing or maneuvering
- Carts evolve as your needs change — several accessories are available to improve productivity
- Carts and power systems fully certified to UL 60601-1

**StyleView Telepresence Carts**
- Open architecture — easy to use and affordable to implement
- Combines the added impact of videoconferencing with the benefits of a StyleView Point-of-Care Cart
- Our integration specialists can help you determine the best telepresence solution to fit your budget

**Point-of-Care Wall Mount Products**
- Enhances personal interaction between caregivers, their patients and patient data
- Ergonomic designs and added features provide ease of motion and proper positioning for optimal workplace comfort
- Choose from a wide range of wall mount products to meet various user, budgetary and space requirements

**Charging Systems**
- Charge, sync and/or secure multiple mobile devices
- Available as carts, wall mounts or desktop stations
- Choose from universal, open-architecture designs or products designed exclusively for Apple®
- Certified for safety
- Lightweight and agile designs

**Sit-Stand Workstations**
- Promotes a healthier way to work with ergonomic comfort and sit-stand mobility
- Choose from desks, mobile workstations, wall mount and desk mounts
- Additional accessories also available to improve productivity and comfort

**Service and Product Support Programs**
- Expect a superior customer experience
- Quality products are backed by specially trained support professionals and optional extended service programs
- Extended Global Service Programs protect your investment and ensure optimal product performance
- Customer Care includes live support via phone, chat and email
Nurses, meet your new StyleView® Point-of-Care Cart

Personalize your cart to suit your team’s workstyle and flow. That’s the genius behind our 5th generation StyleView medical carts. We’ve been listening. You’ll find all the great features that have made StyleView a market leader. Now you have the broadest options to create a comfortable, fully adjustable medical cart — one that supports you and the care you give.

Your cart. Your way.

Why choose a StyleView Cart powered with Lithium Iron Phosphate (LiFe)?

Extremely lightweight and adjustable
The LiFe power system and compact, lightweight base combine with StyleView’s ergonomic adjustability to decrease caregiver fatigue and enhance overall wellness and productivity.

Ultrafast recharge ensures caregiver and cart uptime
A full recharge from full discharge can be completed in around two hours for typical loads. Less charging = more caregiving!

Long battery ‘LiFe’ minimizes time and cost for maintenance and replacement
Proven to achieve thousands of cycles per lifetime and to last several years in a typical healthcare setting.

Certified.
Lightweight.
Ultrafast recharge.

Free, industry-leading StyleLink software with enterprise capabilities

StyleLink’s three-part software package (Enterprise, Client, Graphing Tool) offers broad system and platform compatibility for global healthcare customers deploying Ergotron StyleView Carts with power.

Extend Asset Life Cycle
Optimizes balance between runtime and cycle life

Proactive Power System Management
Eliminate surprises through use of diagnostic tools, simplifying power system management and reducing time required to fix problems

Reduce Total Cost of Ownership
Reduce costs for maintenance; eliminate need for expensive onsite technical support by leveraging diagnostic capabilities. Simply email StyleLink’s history data file to Ergotron Tech Support and they will help troubleshoot power system performance issues

Enterprise Capabilities
Remote enterprise monitor: access your carts across WAN, LAN, or VPN to get real-time information

Advanced Drawer Management
Each drawer individually controlled with PIN; program locally or remotely via enterprise

Experience the difference with our Global Service Program
Visit ergotron.com for details about all of our service options

Ergotron’s Platinum Annual Service Contract ensures timely and safe service delivery across all Ergotron product lines

Add portable, dependable power to non-powered StyleView carts

**SV Hot-Swap DC Power System**
Add power to an existing non-powered StyleView Cart with the SV Hot Swap DC Power System. The system is safe and reliable — designed to be easy to integrate. It includes the SV Hot Swap Docking Station, SV Hot Swap 120Wh Li-Ion Batteries, SV Hot Swap Battery Charger and support brackets.

- Long runtime potential; batteries can be easily swapped without powering down
- Hot Swap usage mode via dual batteries eliminates problem of losing computer power during swapping
- Two-position, simultaneous charger has a small footprint, making it easy to place inconspicuously
- Each 120Wh battery weighs just 2.4 lbs (1.1 kg)
- Gold Mount® design locks batteries securely into place. Features gold-plated, self-cleaning, solid mechanical connection

*Available in the US and Canada only*

**SV LiFe Power Upgrade System**
Upgrade an existing non-powered StyleView Cart with the SV LiFe Power Upgrade System. Lightweight Lithium Iron Phosphate (LiFe) batteries are certified safe and provide long life with an ultrafast recharge time. This on-board charging system includes power system module with user interface, 330Wh LiFe battery, AC coiled power cord, 3-outlet power strip and attachment hardware.

- Delivers full power to cart while simultaneously charging battery
- On-board charging — no need for battery swapping
- Ultrafast charging time — about 3 hours; 10A charge rate
- LiFe battery chemistry is safe and offers greater power capacity
- Battery has LED indicator for charge status
- 12V, 330Wh LiFePO₄ battery weighs only 8.1 lbs (3.7 kg)

*Fully certified system at both the battery and system level
*Exceptional warranty is included (see website for details)

*Available in the US and Canada only*
Accessorize your StyleView Cart to suit your workflow

Ergotron accessories extend the flexibility of your StyleView mobility solution, helping maintain the highest quality patient point-of-care wherever that occurs within your workflow. Explore all your options at styleview.ergotron.com

Visit www.ergotron.com for additional StyleView accessories

* Displays, cameras and components shown are sold separately.
The future of healthcare . . . are you ready?

Telemedicine gives healthcare professionals the ability to connect, consult and collaborate with their patients and associates, from anywhere at anytime, with real-time videoconferencing. While the overarching field of telemedicine can seem complicated and cost prohibitive, our industry-leading StyleView® Telepresence Carts facilitate its effectiveness — easily and affordably.

Healthcare services delivered at anytime, from anywhere

- Expands access by allowing physicians and health facilities to extend their reach without geographic or socioeconomic limitations. Brings specialization to rural, remote, underserved and senior populations.
- Helps manage costs—facilitates management of patients with chronic diseases, promotes staff sharing and reduces travel.
- Increases patient satisfaction and trust because it may help to lower stress, replace travel, reduce costs of care and provide connection to remote expertise.

Let us help you get started

Learn more about expanding the reach of care at

Optional Camera Shelf Kit (97-491-085) turns the MediaCenter into a mobile videoconferencing solution that the entire facility can easily use.
Healthy computing that brings EMR, eMAR, PACS and CPOE to the point of care

For display compatibility, visit ergotron.com

**LX Sit-Stand Wall Mount Highlights**

- Ultimate flexibility of monitor and keyboard positioning enhances personal interaction between the caregiver, patient and the patient’s data
- 20” (51 cm) height range allows users to switch between sitting and standing positions for a healthier way to work
- Ergonomic back-tilt keyboard tray ensures wrists remain in a neutral position to increase comfort and help avoid repetitive-stress injuries
- Keyboard platform is very stable for extensive data entry and tested to be 3X more rigid than other keyboard arms
- Rotation Stop on wall mount base limits turn of extension base connection to 180°, preventing extension from contacting wall
- Secure installation — locking connections between arm, extension and base

**LX Sit-Stand Wall Mount System**

- Medium CPU Holder (silver): 45-358-026 (polished aluminum)
- Small CPU Holder (black): 45-359-026 (polished aluminum)
- Includes 10” and 34” (25.4 and 86.4 cm) Wall Tracks with (2) black track covers, LX Sit-Stand Wall Mount LCD Arm, LX Sit-Stand Keyboard Arm, wrist rest, mouse holder: 45-247-026 (polished aluminum)
- LX Sit-Stand Wall Mount highlights:
  - Ultimate flexibility of monitor and keyboard positioning enhances personal interaction between the caregiver, patient and the patient’s data

### Sit-stand ergonomics — secure, compact and enclosed

**Perfect for space-constrained patient rooms**

StyleView Enclosures provide a smooth vertical height adjustment and folds up into a slim, compact unit when not in use.

### Sit-stand ergonomics

Move from a sitting to a standing position whenever you want. True ergonomic designs provide a healthier, more comfortable way to work.

### Extreme security and stability

A keyless locking mechanism protects patient data for compliance with privacy requirements and a unique cable management system conceals and organizes the cords, making cleaning a snap! Its stable, slide-out keyboard can support extensive data entry.

---

**Neo-Flex Dual Monitor Wall Mount and Keyboard Wall Mount**

Maximize your space! This low-profile system enhances PACS implementation by providing convenient access to digital records. Tilting dual monitors reduce glare and improve sight lines. The wall-mounted keyboard tray lets you enter data at the point of care, then folds up flat (just 5”/13 cm from wall) when not in use.

**Neo-Flex Dual Monitor Wall Mount**

28-514-000 (grey & black)

**Neo-Flex Keyboard Wall Mount**

45-603-002 (grey)

---

**Neo-Flex Wall Mount Lift**

Add greater range of movement to your LCD display: raise or lower it 5”, pan, tilt and rotate 90°. Its slim profile makes it perfect for areas where space is at a premium.

---

**200 Series Combo Arm**

Attach your LCD and keyboard to free up space. This wall unit solution features 3-point telescoping motion, providing greater reach to bring the system to where it is needed.

---

**StyleView Sit-Stand Enclosure**

- Includes: Enclosure, velcro kit (attaches keyboard to keyboard tray), cable management wrap, antimicrobial wrist rest. Wall footprint 38.2” H x 26.6” W (97 x 67.5 cm)

**StyleView VL Enclosure**

- Includes: Enclosure, wall plate, mounting template, vertical lift, slide-out keyboard tray, wrist rest, mouse pouch, scanner holder, internal cable management, batteries, monitor mounting hardware, wall mounting hardware, keys

---

**LCD SIZE IS APPROXIMATION. DIMENSION IS DIAGONAL MEASUREMENT OF SCREEN. LCD SIZE MAY BE EXCEEDED AS LONG AS SCREEN WEIGHT DOES NOT EXCEED MAXIMUM WEIGHT CAPACITY OF THE MOUNT.**

---

**Warranty**

5 years 1-year warranty on all electronic components (excludes AA batteries)

Scanner Shelf,
VESA Attach
97-815

Worksurface with pull-out keyboard tray facilitates caregiver workflow

1. Patented Constant Force™ lift-and-pivot motion technology provides premium 25" (63,5 cm) LCD height adjustment, portrait-to-landscape rotation and 30° tilt
2. Durable, easy-to-clean exterior composed of aluminum and high-grade plastic
3. Integrated mouse and barcode scanner holder provide easy access
4. Fold-down worksurface/keyboard tray to support workflow needs. Worksurface is 22.75”W x 10.6” D (57,8 x 26,9 cm). Keyboard tray is 18.6”W x 9”D (47,2 x 22,8 cm)
5. Ergonomic back-tilt keyboard tray ensures wrists remain in a neutral position during data entry. Includes slide-out mouse tray
Clean, concealed and neat routing of cables through the expansive cable management system.

Extend LCD and keyboard up to 43” (109 cm) from wall; fold equipment back out of the way when not in use. With worksurface in storage position, system depth is as little as 8” (20,3 cm). With keyboard in storage position, system depth is as little as 12” (30,5 cm).

Optional Extender Arm (45-261-026) increases range of motion for even greater reach.
Ideal for patient rooms and high-traffic areas, StyleView Vertical Lifts give caregivers ergonomic comfort in a compact, low-profile wall mounted workstation. In a patient room setting, the pan of the keyboard and display promotes interaction, and the slide-out keyboard tray provides caregiver with comfortable data entry. Units fold up to as little as 4” (10.2 cm) deep when not in use.

Sit-Stand Vertical Lifts allow users to adjust between sitting and standing working heights. The entire system — monitor, keyboard and mouse — moves vertically 18” (46 cm) with a single, smooth motion to accommodate the heights of multiple users.
Move large displays for optimal viewing

Get unprecedented height adjustability in an extremely low profile module. The revolutionary design of our Glide Wall Mounts lets users effortlessly raise and lower large displays by up to 18” (46 cm) and tilt the screen up to 10° to avoid glare. Similarly, our Interactive Arms let you easily lift, swing or turn displays for optimal viewing while relieving eye, neck and back strain.

### Glide Wall Mount LD-X

- **Part # (color):** 61-113-085 (black)
- **Typical LCD Size:** 27”-42”
- **Weight Capacity:** 12–30 lbs (5,4–13,6 kg)
- **Lift:** 10” (25.4 cm)
- **Tilt:** 75°
- **VESA:** MIS-D/E/F
- **Depth:** 4.3” (10,9 cm)
- **Warranty:** 5 years

### Glide Wall Mount HD

- **Part # (color):** 61-061-085 (black)
- **Typical LCD Size:** 30–55”
- **Weight Capacity:** 20–40 lbs (9,1–18 kg)
- **Lift:** 18” (46 cm)
- **Tilt:** 10°
- **VESA:** MIS-E/F
- **Depth:** 2” (5 cm)
- **Warranty:** 5 years

### Glide Wall Mount VHD

- **Part # (color):** 61-128-085 (black)
- **Typical LCD Size:** ≥ 46”
- **Weight Capacity:** 45–70 lbs (20,4–32 kg)
- **Lift:** 16” (40,6 cm)
- **Tilt:** 10°
- **VESA:** MIS-D/E/F
- **Depth:** 2.7” (6,9 cm)
- **Warranty:** 5 years

### Interactive Arm LD

- **Part # (color):** 45-361-026 (polished aluminum)
- **Typical LCD Size:** ≤ 42”
- **Weight Capacity:** 7–25 lbs (3,2–11,3 kg)
- **Lift:** 20” (51 cm)
- **Tilt:** 75°
- **Pan:** 180°
- **Rotation:** 360°
- **VESA:** 75 x 75, 100 x 100, 200 x 200, 200 x 200 mm
- **Depth:** 4.5” (11 cm)
- **Extension:** 17” (43 cm)
- **Warranty:** 5 years

### Interactive Arm HD

**VESA Bracket Adaptor Kit (97-759) can be ordered separately for MIS-F interface with hole pattern of 200 x 100 – 600 x 400 mm**
PowerShuttle® Charging Systems
Chromebook™ • Windows® 8 • Android™
Surface • Ultrabook™ • MacBook® • iPad®

Universal design
- Accommodates up to 30 tablets, Chromebooks, MacBooks or laptops
- Two country-specific power strips are provided to plug-in AC adapters of varying sizes and shapes

PowerShuttle technology
- Innovative PowerShuttle technology automatically optimizes total charge time for up to 30 devices and safely prevents overloading electrical circuits by efficiently grouping the number of devices that are charged at one time
- Charging time reduction of approximately 30% over competitive round-robin charging systems

Durable, secure storage
- Robust key and lock assembly keeps devices secure
- Double-hinged, locking steel front doors with recessed handle open 180° to reveal notebook storage shelves
- Rugged steel frame construction, steel front and rear doors, and molded fire-rated ABS exterior withstand heavy use
- Secure back compartment provides IT access to AC adapter storage and power strips. Clean, neat cable management runs power to units
- Lightweight; this compact cart design makes it easy to safely move from room to room
- For user and equipment safety, the entire cart is tested and certified to UL 60950 and 1667 standards

Ergotron’s flexible design cleanly accommodates a variety of brick-and-plug styles for adapters that won’t fit in standard outlet strips
Country-specific 12-receptacle outlet strip is designed to work with oversized wall adapters and mini-sized bricks.

Explore all the ways to charge, sync and/or secure multiple mobile devices at charging.ergotron.com
Tablet Charging Wall Mount 12

This slim storage cabinet is perfect for charging and securing up to 12 tablets and Chromebooks. It’s designed to be compatible with a wide variety of manufacturers like Microsoft, Samsung, Apple, Lenovo, HP, Dell, Amazon, Asus, Acer and many others.

Features include:

- Low-profile design protrudes less than 6” (15.2 cm) from the wall saving space
- Open architecture design works with most tablets (including Android, Windows, and iPad) and Chromebooks with up to 11.6” displays
- Smooth sliding door provides easy access to devices and stays within the sleek profile
- Show & Stow™ technology tilting tablet trays make loading and unloading devices simple. Pull trays out to load or unload and they will automatically retract
- Six-point locking bracket keeps devices safe and secure
- Quick, simple installation; mount the bracket on the wall, hang the cabinet and secure with two heavy-duty screws
- For user and equipment safety, the entire cabinet is tested and certified to UL 60950

Sit less.
Stand more.
Start now!

Take a stand against metabolic illnesses linked to prolonged sitting

For more than three decades, Ergotron has designed ergonomic workstations to make computing more comfortable and better for you. Our extensive line of sit-stand workstations and desks gives computer users a much healthier and more productive way to work.

Sit-stand workstations are:
- **FLEXIBLE** — a solution for every computer user and every computing configuration
- **ERGONOMIC** — effortless height adjustability for sit-stand comfort; accessories also available
- **AFFORDABLE** — many economical ways to fight “sitting disease”

A recent study published by the CDC (Centers for Disease Control) indicates adjustable sit-to-stand products are an effective solution for reducing prolonged sitting. Sit or stand, instantly, while remaining effectively engaged with your computer.

A 2010 University of Queensland, Australia study found that even when adults meet physical activity guidelines, sitting for prolonged periods can compromise metabolic health.

The WorkFit-A and WorkFit-P clamps to the rear or side of most surfaces — sit or stand with effortless height adjustability

Burn extra calories • Tone muscles • Improve posture • Ramp up your metabolism • Be more productive

It offers unparalleled range of motion, easily accommodating a user’s sitting or standing position for a healthier way to work. Features 20” (51 cm) of height adjustment, 62” (157 cm) of side-to-side motion and 33” (84 cm) of extension.

Comfortable computing increases productivity. Find the calculator at payback.ergotron.com
Customer service and product support that’s second to none

Expect a superior customer experience when you choose Ergotron. Our quality products are backed by specially trained support professionals and optional extended service programs that protect your investment and optimize your on-going product performance.

Customer care includes:

800# support line
Live 24/7 support in English; support during country hours in English, Spanish, French, Dutch, Italian, Russian, German, Greek, Mandarin and Japanese

Chat and email support
Our specialists connect with you real-time via live chat and email

Technical support
Rigorously trained technicians work with you to troubleshoot product and installation issues, manage service contracts, handle dispatching and answer/resolve warranty questions and issues

Sales support for resellers
Our field service group supports regional territory sales, and also participate in customer events with TESS (Ergotron’s Traveling Equipment Solutions Showroom)

Extended Global Service Programs protect your investment and ensure optimal product performance

A wide range of extended Global Service Programs are available to provide additional support and benefits:

- Site readiness
- Fast, efficient equipment installation and integration
- Certified technicians conduct and manage every phase of product installation (including hardware integration, adjustments, and computer installation with cable management)
- Preventive maintenance and extended warranties

Optimal product performance for increased uptime

Improved asset management
Lower total cost of ownership; extended product life

Enhanced in-house product expertise
Training and transfer of technical knowledge to your internal staff

Equipment Audit and Health Assessment
Receive an accurate inventory and health assessment of all deployed Ergotron equipment and assets.

Next-Business-Day (NBD) Service Contracts
Receive NBD service from our network of certified providers to minimize equipment downtime. Various contract levels are available to meet your unique needs: Bronze, Silver, Silver+, Gold and Platinum

Annual Contracts and Planned Services
Options range from a single preventive maintenance visit to a 5-year complete service contract

Product Recycling
Ergotron encourages environmental responsibility by offering a recycling program for our (and even our competitors’) products

100% satisfaction — guaranteed!

WorkFit-D sit-stand desks
Improve energy and productivity by sitting and standing throughout your work day. Patented Constant Force technology allows easy height adjustment up to 20” (51 cm) and an integrated brake secures table in place.

Customize with your choice of display mount and our Underdesk Keyboard Tray (97-582-009) to fit your individual computing needs and desired workflow. WorkFit-D also features a spacious worksurface able to support up to 65 lbs (29.5 kg).

WorkFit-PD Sit-Stand Desk
Light Grey 24-271-926
